

[illegible]

An architectural line drawing of a large, multi-story building complex, likely a school or institutional facility. The main building is a long, two-story structure with a complex roofline featuring multiple gables and dormers. It has numerous windows, some with shutters, and a central entrance area. A central courtyard is visible, surrounded by the main building. In the foreground, there is a smaller, single-story structure with a gabled roof and a small cupola on top. This smaller building has a covered entrance and a small garden area with several small trees. The entire complex is set against a background of stylized trees and a clear sky. The drawing is in black and white, using clean lines and shading to define the building's form and features.
